Vigil Health Solutions Announces Normal Course Issuer Bid

July 18, 2018 (Victoria) – Vigil Health Solutions Inc. (“Vigil” or the “Company”) announced today that the TSX Venture Exchange (the “Exchange”) has accepted a notice of intention to make a normal course issuer bid (the “Bid”) to purchase up to 760,638 common shares of the Company (representing up to 4% of the 17,984,006 common shares currently issued and outstanding). Purchases pursuant to the Bid may begin on July 24, 2018, and may continue until the earlier of July 24, 2019 and the date the Company completes its purchases. The common shares will be purchased on the open market through the facilities of the Exchange at market price. All common shares purchased by the Company under the Bid will be cancelled. In accordance with the policies of the Exchange, a purchase of common shares under the Bid may not, when aggregated with the total of all other purchases in the preceding 30 days, whether through the facilities of the Exchange or otherwise, exceed 2% of the common shares outstanding at that time.

The Company is undertaking the Bid because, in the opinion of its board of directors, the market price of the common shares, from time to time, may not fully reflect the underlying value of its operations and future growth prospects, and in such circumstances the purchase of common shares may represent an appropriate and desirable use of the Company’s funds.

The Company has retained Canaccord Genuity Wealth Management for the purposes of conducting the Bid.

In the past 12 months, the Company has not purchased any of its common shares.
